### **International Workshop**

for students and professionals

from September 27 to October 2 2016

Spazio Thetis, Arsenale Nord, f. Calle Donà Castello, 2737, Venice, Italy

Scientific curatorship of the workshop: Davide Crippa - Design School of the Milan Polytechnic; Lorenza Branzi - Naba

The workshop has been organized over a period of at least two days in and around the *Arsenale Nord* facility in Venice. It will initiate a series of actions that have the objective of appropriating the territory occupied by the bands of Gangcity. The idea is to create awareness and simulate the condition of contemporary urban living, presenting devices that will record the changes and clues indicating changes in the appropriation of the urban districts.

The workshop is a training program that lies between viral marketing and gang rituals, and has the objective of creating a sense of belonging and identity, transforming an architectonic/urban space in an anthropological dimension where new traces and signs of life have been deposited.

Scientific Direction: Fabio Armao and Mila Sichera, DIST -Turin Polytechnic and University

The Turin Polytechnic, in collaboration with Ala Assoarchitetti, will award 15 Professional credits for professionals.

The Turin Polytechnic in partnership with the Order of Engineers of Venice, and the Superior School for Professional Engineering Training has requested Professional credits for the for members of CNI

On request, the Turin Polytechnic will issue students with a certificate for **European University Credits (ECTS)**
